NEWSFIRST

The FTTP team is now settled into our new accommodation in Y block within the University of Auckland Centre for Educational Leadership. We

are still part of the Epsom Campus and can be found 50metres past the Gate 5 entrance from Epsom Avenue. The Centre for Educational Leadership programme for 2009 has been finalised and will soon be published. We hope you are able to visit us. We have plenty of parking spaces in front of the Centre and very good coffee.

We are currently busy enrolling new First-time Principals for the 2009 programme, engaging mentors for 2009 and planning for their training in late January.

We hope that you all relish a well deserved and revitalising break from your responsibilities and look forward to renewing our links with you in the new year.

The next NewsFirst08 communication will be emailed to you in late January.

With our best wishes for Christmas and the New Year. Meri Kirihimete
